Washington, DC 20002

Dear Mr. Urban:

It has come to my attention that your program, ULTRA Teen Choice, has been discontinued by the Office of the Chancellor. Although I apologize for any disappointment experienced by the youth involved in this program, I am upholding the Chancellor's decision.

The preconditions for gaining access to DC Public Schools (DCPS) facilities were set forth with the sincere intent of protecting the safety of our students. They apply for all adults, and violations are not taken lightly. Because the requirements were overlooked and proper permissions and clearances were not obtained, Chancellor Rhee had no choice but to discontinue your use of DCPS facilities.

I thank you for your understanding in this matter.

Sincerely,

A handwritten signature in cursive script that reads "Adrian M. Fenty".
